Smart Wi-Fi

CAMERAS

Secure Connectivity with Ease!

Wi-Fi Cameras and NVR

Securing the exteriors and interiors of your businesses and home becomes an extremely important task. With our Wi-Fi embodied camera security systems, the complications of protection are ironed out. Our range of Wi-Fi cameras and NVR technologies come with an ease of installation that helps to provide high-quality images with multiple streaming technologies. These cameras can produce good quality imaging with 2 MP resolution. Getting clear imaging of the visuals ceases to be a hurdle with our range. By the dint of DWDR technology, the clarity of imaging is never compromised, even during the backlighting. It is even water and dust-resistant (IP67).

ENV-HCB5F-50R-86

The expanding nature of the security system demands smart and intelligent solutions. Bullet cameras of the surveillance universe are instrumental devices to meet the needs of evolving ideas of security. Our 2 MP low light IR IP H.265 Compact Bullet Cameras are built-in with a 4 mm fixed lens. They are supported by Wi-Fi, Inbuilt Mic, SD card slot and smart IR up to 50M.

Smart features:

- * Metal and plastic Housing
- * Up to 1920x1080@30fps
- * H.265+/H.265/H.264
- * Min. illumination Color: 0.02Lux@F2.0
- * Smart IR, IR Range: 50m
- * SD card slot Upto 512GB

ENV-HVD5F-30R-86

Our all-new, wireless, 2MP IR IP H.265 Vandal Proof security camera renders powerful ways to defend crime. It comes with multiple streaming technologies, day and night vision and intelligent algorithms to fit the requirement. The ENV-HVD5F-30R-86 range of cameras has day and night functionality with Wi-Fi support. It is dust and waterproof with an IP67 rating. The cameras are even immune to physical damage under IK10 rating.

Smart features:

- * Metal and Plastic Housing
- * Up to 1920x1080@30fps
- * H.265+/H.265/H.264
- * Min. illumination Color: 0.02Lux@F2.0
- * Equipped with Smart IR, IR Range: 30m
- * Functions under the environment of -40°C to 60°C, 0 to 95% RH
- * Built-in Mic, SD Card Slot and Reset Button

Wi-Fi NETWORK VIDEO RECORDER

ENR-01004-N-NW

Our Wi-Fi Network Video Recorder range provides a resilient solution with the latest video formats for today's needs. It comes with four-channel input and Wi-Fi support that is in congruence with Eyenor's Wi-Fi IP cameras. The recorder supports live view, storage and playback of the connected camera for up to 6 MP resolution. The advanced solution even backs cloud upgrades for the system.

Smart features:

- * H.265+/H.265/H.264 video formats
- * Supports Wi-Fi matching of Eyenor Wi-Fi IP cameras
- * HDMI and VGA simultaneous output
- * Supports HDMI Video output up to 2560×1440 resolution
- * Maintains 1 SATA interface up to 10TB for 1 HDD
- * Its H.265+ compression effectively reduces the storage space and costs up to 75%
- * 1×RJ45 self-adaptive and 10/100 Mbps network interface
- * Dedicated centralized management of IP cameras, including configuration, import/export, real-time information display, upgrade, etc.
