

FACE PLATE

PRODUCT OVERVIEW

Accell offers a variety of face plates to provide the basis for a wide range of possible information outlet combinations. Accell face plates accept any combination of Accell keystone Jacks. These are available in shuttered and blank (modular) forms with UK or Euro styles. The module features a designated area for labeling. These are supplied with M3.5 mounting screws and are interchangeable with Global UTP patch panels. Accell faceplate is the ideal solution for office environments where multiple services need to be supplied at one location.

FEATURES

- Flat styles
- Comes with Fixing screws
- Conforms to ANSI/TIA/EIA 568A-B.2.2001 standards
