

Horn Loudspeaker 25W

DESCRIPTION

The NVS-11090025HS is a high fidelity two-way wall mounted Horn Speaker with built-in 70V/100V transformer. The transformer technique decreases line losses over longer distances and allows multiple loudspeakers to be connected in parallel. IPX6 waterproof level suitable for outdoor use. It is made from high quality alloy-aluminum surface net. Streamline design, beautiful and durable with ABS which does not rust and it is highly durable. It is an excellent choice for industrial and commercial applications in the outdoor area of train stations, shopping malls, parking lots, and factories that require background music and paging.

FEATURES

- ⦿ Suitable for outdoor use
- ⦿ IPX6 waterproof level
