

MEDICAL GRADE ANTIMICROBIAL FACEPLATE

Norden medical grade antimicrobial faceplate helps to keep the surface of faceplates cleaner. By incorporating an antimicrobial additive into the product material, the device helps to inhibit the growth of mildew, fungi, and bacteria on the surfaces. These faceplates are an ideal solution for medical facilities, schools, businesses, restaurants/kitchens, or anywhere else that needs extra protection against bacteria. Outlets are available in single and double ports.

FEATURES

- Fixing screws and labelling supplied
- Available in single or Double
- Available for Cat5E, 6, 6A
- Medical Grade Antimicrobial & Antibacterial
- Resistant the cleaning agent
