

High Fidelity Wall Mount Microphone

DESCRIPTION

NVS-30080006MP is a High Fidelity Wall Mounted type Microphone that used to collect the sound in classified areas like Finance Organization, Public Security, Judiciary, High Safety areas etc.. This unit have a built-in noise reduction chip and it make the playback more realistic and precise.

FEATURES

- ⦿ Metal anti-exploration Material
- ⦿ Corrosion resistant
- ⦿ Wide Angle pickup
- ⦿ Built-in Noise Reduction Technology
- ⦿ Easy Installation Design

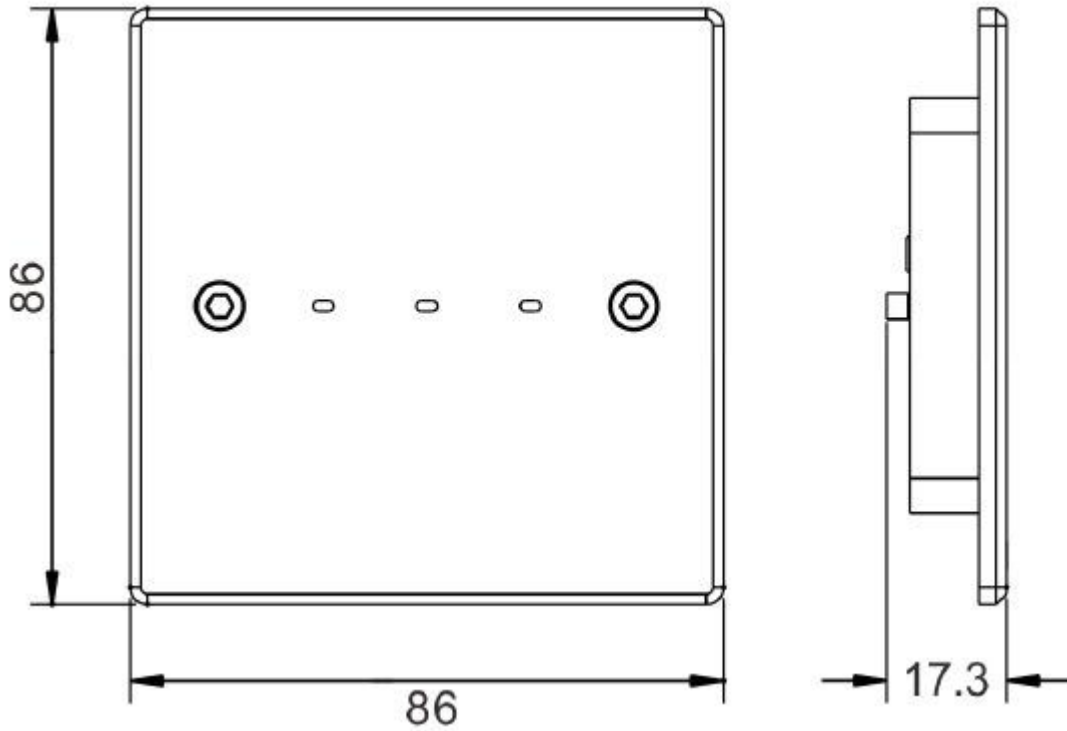

Specifications	
Model	NVS-30080006MP
Microphone Type	Gold-plated Condenser Microphone
Voice Pick-up range	5-100 sq.m (Adjustable)
Signal to Noise Ratio	85dB
Sensitivity	-40dB
Frequency Response	20Hz-20KHz
Output Signal	2Vrms(@1KHz)/ 5.6Vpp(@1KHz)
Output Impedance	600 - 1000Ω (unbalanced)
Protection circuit	Power misconnection protection
Working Temperature	-35°C - 70°C
Working Voltage	12V DC
Dimension (LxHxW)	86x86x17.3 mm
