

# Dual-face Waterproof Column Speaker 30W

## DESCRIPTION

The NVS-10800015BS is a weatherproof outdoor Column Speaker with built-in 70V/100V transformer. The transmission is accomplished in a high-voltage, low-current mode, allowing for greater distance transmission and parallel connection of multiple loudspeakers. The net cover is made of aluminium and would not rust, it is also designed of weatherproof and heavy damage proof finish. Easy and secure wall mount installation in outdoor area through the supplied pair of metal mounting brackets. It is an excellent solution for industrial and commercial applications in the outdoor area of train stations, shopping malls, parking lots, and factories that require background music and paging.
