

Wall Mount Speaker 20W (White)

DESCRIPTION

The NVS-10570020WS is a wall mount speaker with a built-in transformer of 70V/100V. The transmission is realized in a high-voltage, low-current mode, which makes longer distance transmission and parallel connection of multiple loudspeakers possible. Metal grille and ABS enclosure of white color, long-term durability, never out of shape and fading, high sensitivity, clear and sonorous sound. Easy and secure wall mount installation by hanging holes. It is ideal choice for industrial and commercial applications in hotel, school, office and factory where background music and paging is needed.
