

NVS-30110006MP

# High Fidelity Ceiling Mount Microphone

Microphone

## DESCRIPTION

The NVS-30110006MP is a high fidelity ceiling mount Microphone with professional interview microphone, refined design and circuit processing technology to make sound quality clear and natural. High speech intelligibility and a quick, stable response are two features of the sound pickup produced by the high-speed voice DSP processing unit and AEC technology. The signal transmission distance can reach 3000 metres when using the ultra-strong audio line transmission technology.

## FEATURES

- ⦿ Concealed anti-dropping structure
- ⦿ Built-in AGC circuit
- ⦿ Dual recording function
- ⦿ Polarity reversal of power supply
- ⦿ Lightning strike protection
- ⦿ Self-checking functionality to automatically indicate the sound pickup's fault state
- ⦿ Integrated professional voice processing chip for connecting active speakers, PC, DVR, IP camera etc

Specifications	
Model	NVS-30110006MP
Mic Type	Gold Plated capacitor MIC
Polar Pattern	Omnidirectional
Frequency Response	20Hz~20KHz
Sensitivity	-30dB
Maximum SPL	110dB (@1KHz)
Total Harmonic Distortion	0.6% (@1KHz 1VRMS)
Sound Pickup Range	5-150 metre square
Dynamic Range	90dB (@1KHz)
Output Impedance	600Ω Unbalance
Output Signal Amplitude (V)	1VRMS
Material	Metal Shell
Color	Silver
Power Supply	DC 12V, 1A

**NVS-30110006MP**

# High Fidelity Ceiling Mount Microphone

Working Temperature	-20°C~60°C
Weight	0.13Kg
Dimension	Ø80x24.6mm

## ORDERING INFORMATION

Part Number	Description	Standard Quantity
NVS-30110006MP	High Fidelity Ceiling Mount Microphone	01
