

Coaxial Ceiling Speaker 20W

DESCRIPTION

NVS-L1009020CS is a coaxial Ceiling mount speaker with built in 100V transformer. This transmission is realized in a high-voltage, low-current mode, which makes longer distance transmission and parallel connection of multiple loudspeakers possible. The housing is made of high quality ABS plastic & dual drivers will offer better frequency response. It is ideal for Conference rooms, restaurants, etc.

FEATURES

- ⦿ High Quality ABS Plastic body
- ⦿ Crystal Clear sound quality
- ⦿ Wide Frequency Response
- ⦿ 5" LF driver
- ⦿ Inbuilt 100V transformer

Specifications	
Model	NVS-L1009020CS
Rated Power	20W
Sensitivity (1m, 1w)	88dB
Input Voltage	100V
Power Tapping	5W/10W/20W
Maximum SPL	101dB
Frequency Response	50Hz - 20KHz
Dimension	ø202x78mm
